

KING'S SCHOOL

SWIM SCHOOL

2013

The King's Swim School is housed in a full-size private heated indoor swimming pool in the centre of Remuera. It caters for Learn to Swim Classes in a quiet relaxed atmosphere.

All instructors are fully-qualified with NZQA recognized courses. We pride ourselves on excellent customer service, individualized programmes and a warm and friendly environment.

KING'S SWIM SCHOOL

King's Swim School is a first-class facility nestled in the heart of King's School, consisting of a 25m indoor heated pool and fitness centre. The Swim School is open to both the King's boys, family and the wider community.

Our Swim School places high emphasis on technique before distance as this builds a strong foundation for success. All our swim school classes are 30 minutes long and our instructors have NZ recognised qualifications and all carry a current first aid certificate. We have compulsory In House training every term to ensure our instructors are given constant updates and ongoing support.

The Swim School consists of 6 pre school levels starting at the age of 2 teaching basic water confidence, water safety and submersions through to an advanced breather level. Our School Age programme has 10 levels to progress through and once completed, a swimmer may wish to continue in our Training squads (Bronze, Silver, and Gold) which are fitness based programmes.

King's Swim Club is seen as a key pathway for the future King's Club competitors. We were ranked in the top three Swim Clubs in New Zealand for 2010. The King's Swim Club capitalises on the King's Swim School's ability to produce talented young swimmers who are identified & offered the opportunity to further their swimming in a competitive career.

In 2011 the Club won the national title of "New Zealand Swim Club of the Year".

SUPERVISORS

Our Swim School employs Supervisors who are out on poolside constantly assessing swimmers and giving guidance to instructors. If you would like to find out the progress of your child, please see the office and they will let the supervisor know. Depending on their commitments on that day it may be the following lesson that they will have a look at your child. We ask that you do not approach the instructors at any stage as they are responsible for the safety and instruction of all swimmers in the pool.

Our swimmers are assessed continually during the term by our supervisors. The office will notify you if your child needs to move and will discuss possible availability. Our bookings will automatically roll over into the next term. If you do not wish to continue the following term, or need to change days, please ensure you contact the office by Week 7 to avoid missing out for the following term. This also applies if your child will be turning 5 therefore needing to change to our School Age Programme.

Ribbons are given out to a swimmer for the level they are moving up into or they may receive a special effort ribbon.

Please Note: due to our emphasis on technique, it is not an expectation that swimmers move a level each term. Often a minimum of two terms would be normal in a level to fully understand the skill technique before moving onto the next level.

TODDLERS AND PRESCHOOL

Our programme starts with a Nemo's class which is for toddlers from the age of two. When a toddler turns 3 they progress to preschool lessons for 3yrs to 5yrs. These classes run during the day including Saturday and Sunday.

Nemo classes are with a parent or guardian in the water with the child. These classes are water confidence classes and teach the toddlers basic water and survival skills. These are aimed at preparing the child for our preschool levels.

Preschool levels start with a ratio of 1 instructor to 3 children and then progress onto 4 children to a class. We have 5 pre school levels catering for the very beginner through to confident children who are learning to breathe.

Preschool Level Criteria

\$18.50 per lesson

Monday - Friday 10.00am-11.00am

Monday, Wednesday & Friday Advanced Women's Squad

Tuesday & Thursday Beginner Fitness squad

These times may change during King's PE swim timetable

ADULT CLASSES - BEGINNER

We also offer Adult beginner classes that cater for adults who do not know how to swim and would like to learn. This is a 'learn to swim' programme and the main focus is on freestyle in these classes.

Adult Classes Beginner

\$18.50 per lesson

Monday & Wednesday 1.30pm-2.15pm

Within the Swim School we are extremely fortunate to have a Competitive Swim Club. Swimmers who have been identified by our coaches will be offered the opportunity to join our club.

King's Swim Club swimmers excel in the competitive arena but do so training within the Swimming New Zealand guidelines. King's Swim Club offers sustainable training practices, with a desire for long term athlete development and a vision to provide lasting enjoyment in the sport of swimming.

It is a key goal of King's Swim Club to provide a unique squad pathway and training structure for 8-13 year olds (up to 13 years old), where any desired level of success is still attainable after their King's School Swim Club graduation.

In the 2011 Swimming NZ Awards we won the national title of "New Zealand Swim Club of the Year" and were also one of 3 finalists in the country for "New Zealand Coach of the Year". This is an amazing achievement for a club that has only been established 3 years.

Technical Refinement:

The King's Swim Club technical refinement program is an innovative, unique and highly specialised scheme leading the swimming community in technical training. These classes have low swimmer—coach ratio, feedback and support that has evolved through a desire to achieve superior results training in a more intelligent manner.

KING'S SWIM SCHOOL - POLICIES

Below is some important information on our policies and recommendations to help you understand how the Swim School operates.

- To ensure your child has the best opportunity to learn we ask that if at all possible rash shirts are not worn. These often stretch and area's around the arm tends to hold a lot of water. This can often restrict their arm movement which can slow their progress. These also are not designed to keep a child warm as they will feel cold when the body is not under the water.
- Goggles are essential as this ensures the child has their eyes open under water. Please see the office so that a goggle specifically designed for your child can be selected and fitted.
- Boys must wear Speedo type togs, board shorts are not permitted as these also hold a lot of water and cause drag.
- Caps are to be worn on any child with hair past chin length as these prevent the hair getting in the face while swimming. It also promotes better water quality of our pool.
- Payment is due prior to, or on the first day of the lesson. As this can be a very busy time, we can take credit card payments over the phone, or we have a slot next to the window in which you can post a payment slip with credit card details or a cheque to avoid the queue. There is also the option of paying online; details are on your invoice. Unpaid fees may result in your child losing their placement.
- Please ensure you notify us if your child will be starting school in the following term so we can waitlist them for the appropriate school age level.
- Due to the Swim School running at near full capacity, on sighting a medical certificate a make-up will be offered where space is available. Refunds are not given.
- If your child has been placed on a waitlist for a class, we will contact you as soon as a space becomes available, these are checked daily.
- If your child misses lessons for any reason other than medical, we do not offer make up lessons or credits for these.
- Our term classes are set up to roll over from one term to the next. If you do not wish to continue your child's booking and wish to cancel you must let us know to cancel this before the beginning of the term.
- A \$25.00 cancellation fee is charged if you withdraw your child after the start of the term.
- Swimmers who do not show up for the first 2 lessons and no payment has been received will be removed from class.

Welcome to our Swim School and please do not hesitate to discuss any concerns you may have with our office staff who will advise you on the best person to talk to.
We welcome all feedback.
